

12 June 2018

Dear Parents/Caregivers,

I wish to advise you of an upcoming professional development opportunity for staff which will affect the school timetable.

Teacher Only Day: Friday 22 June

It is a requirement that we provide our staff with quality professional development opportunities. This teacher only day will provide our staff with the opportunity to plan and prepare programmes of learning collaboratively, to moderate assessments, to upskill in areas of e-learning and pedagogy and to have time to reflect on and review their practice. This has the long term aim of continuing to improve student learning and achievement at our school.

Yours sincerely

Carla Smith
Acting Principal
