

It is important when you are considering studying abroad that you are well informed about the prospective school, city and country you are going to be living in.

To learn more about Cashmere High School you can visit our [school website](#) and view our [school profiles](#) (includes prices), [photos](#) and our international [prospectus](#).

It is a good idea to visit some of the following websites to prepare for your study experience in New Zealand:

Cashmere High School international students stay with one of our host families (Residential Caregivers) or with relatives/friends of the family (Designated Caregiver). Majority of our residential caregivers live within walking distance (within 25 minutes) of the school. Students can choose to walk, bike or catch a bus to school.

- Transport around Christchurch
