

# Cashmere High School

Te Iringa O Kahukura

Cashmere High School is a co-educational state secondary school with a roll of 1750 local students and 50 international students. It is situated in Christchurch, the gateway to New Zealand's South Island. We welcome International students and value the cultural relationships formed.

The school is well known throughout New Zealand for academic excellence and its arts and music programmes. We offer an Intensive English program (4 - 10 hours) for those students without the level of English required for mainstream classes. We have a highly regarded Outdoor Education programme where students experience our great landscape, including tramping, kayaking, climbing and snow caving options.

The school is set in large attractive grounds with a number of playing fields, tennis courts and a new gymnasium.

### Pastoral Care

We have a very caring and supportive international team. The majority of our students stay in homestay accommodation with local families who live walking distance to school. We have a Health Nurse available every day and a Doctor and Physiotherapist who are available every Tuesday at lunchtime.

Students considering study at a New Zealand school will find Cashmere High School has many opportunities for personal and academic development. There are many reasons for attending school outside a student's home country and Cashmere High School carefully selects a programme of study appropriate for each student.
