

## My Time at Cashmere High School

By Catalina Milena ROJAS ACEVEDO (Chile)

My experience in New Zealand was definitely good, it was the best decision that I could have made, to come here. All the things I went through, good and bad, made this an unforgettable experience that helped me to grow up, be more independent, open my mind, improve my English and also helped me to realise many things that previously I did not pay any attention to.

At the beginning it was hard to be so far away from my family and friends, but the people that I met here helped me to get through and I will never forget them. My host family was great; a sporty, positive, supportive and lovely family! For the first time I realised what it meant to have siblings and I really enjoyed it!

I like Cashmere High School because it is full of opportunities - sports, arts, music, trips and also you can find a lot of different cultures and nationalities amongst the students and teachers.

The International staff at the school are really good, they are always there to talk to, to help, to solve problems or anything you need!

Thank you so much CHS!

I will never forget this amazing experience.
